ARTIST PREVIEW

FERDINAND
CĂRCLASH (COL)

Ferdinand Carclash began his career in 2011 as a pioneer in Colombia of musical styles such as Minimal Synth, Synthetic Punk and Cold Wave. His music contains blunt basses, mysterious lyrics and dark melodies, leads almost mechanically and primitively to dance his songs from beginning to end.

Some hits like "Find your heart", "Black queen on dancing cave" and "At midnight" have been published in important European and Latin American underground labels. A Colombian artist of international stature with great minimalist touch and accelerated bpm's based in Bogotá"
